Verification methodology IRF Data

Control Union Certifications has conducted a verification assessment with SD Guthrie International, and the objective of the assessment was to perform a third-party review of the NDPE IRF verification information by SD Guthrie International based on the requirements of the NDPE IRF Verification Protocol. In 2024, the company sourced its raw material only from 133 palm oil mills and 64 refiners/traders. As reported in its IRF Profile, SD Guthrie International has sourced 2,641,552.44 MT of Crude Palm Oil (CPO), Crude Palm Kernel Oil (CPKO), Palm Kernel (PK), Refined Palm and Refined Palm Kernel Oil (Refined PKO) combined.

Statement of Impartiality

The findings, conclusions, and recommendations presented in this verification report are based on an objective and impartial assessment of the evidence gathered during the verification process. The verification team has conducted this work free from any undue influence, conflicts of interest, or bias that could compromise the integrity of the results. All personnel involved in the verification process have adhered to the highest standards of professionalism, ethics, and independence. No external pressures, financial interests, or personal relationships have influenced the outcome of this verification. This report reflects an honest and accurate representation of the facts as observed and documented during the verification activities.
